Foreword

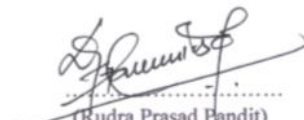

Nepal is a multi-ethnic, multi-lingual and multi-geographic country with both rich in cultural and geographical diversity. Nepal is unique in its remarkable altitudinal diversity, one can encounter a dramatic shift in climatic conditions, ranging from hot tropical weather to bitterly cold Arctic-like temperatures. Our country's scenic beauty of Himalayas and breathtaking landscapes is enough itself to attract people from all over the world. Our country is dreamland for mountaineers and trekkers as it is endowed with eight highest mountains of the world including Sagarmatha (Mt. Everest), with elevations spanning from a mere 70 meters up to the highest point on earth Mount Everest at 8,848.86 meters. Our country is tourists' preferred destinations for adventure tourism activities. Mountain tourism is one of the industries with potential for economic development in our country. Till date, the government of Nepal has opened 419 peaks for mountaineering activities and mountains of height below 5800m has been operated as trekking destination.

With the goal of providing the best record management possible, we have been publishing this data collection every year. It is thought that "Mountaineering in Nepal: Facts and Figures" 2024 will be useful in providing accurate information about the rules and regulations governing mountaineering in Nepal, as well as the names of successful summiteers up to the end of 2023, opened and unclimbed peaks through 2023. We have attempted to make as many corrections as we can to the previous edition of this book. I believe people who are passionate about mountains will find great value in the material contained in this publication. Undoubtedly, the mountaineer, researcher, planner, academicians and policy makers can best be benefited from this.

I want to congratulate everyone who has successfully summited any of the authorized mountains. However, we would also like to express our sincere condolences to the grieving family and relatives for their irreversible loss of kin.

Finally, I would like to express my gratitude to all relevant authorities and colleagues who helped with the acquisition of this publication, both directly and indirectly. The Department of Tourism also always appreciates positive, imaginative, and helpful feedback from readers, as well as recommendations for future updates and improvements to this publication.

## NEPAL

The Nepalese people are friendly and hospitable by nature and the tourist in general will have no difficulty in adjustment. All the same, one may be confused regarding some customs, traditions and manners as in coming into any unfamiliar society. Nepal like any other country has its own ways of regulating life though it might be different in degrees to each individual visitor. We want you to observe and see the way the Nepalese people live and share that with them. It is in this spirit we offer you some practical guidelines that could help make your stay here delightful, homely and rewarding.

### The Religious way of life

Religion is an integral and deep-rooted part of Nepali life. Temples, images, sacred paintings are to be seen everywhere. Nepal has been declared a religion secular state, though Hinduism is followed by nearly 80% of the population. Nevertheless, Buddhism has also important place in this country. Hinduism and Buddhism are so closely connected in Nepal that it would take a life time's study to understand the complexities of country's religious life. All deities are worshipped by Hindus and Buddhists alike, and feasts and festivals are shared. For centuries both have cherished mutual regard and respect for one another's tradition. The following are some hints regarding religious matters.

Visitors to a Hindu temple or a Buddhist shrine are expected to be unshod as a mark of respect. In fact, a pair of open sandals is more convenient and comfortable while visiting the temples and stupas.

- It is better not to touch offerings or persons when they are on way to shrines.
- Beef is prohibited among both the Hindus and Buddhists. No female animal is killed for food.
- You may not be allowed entry to the inner sanctuaries of temples and stupas.
- You may be interested to take snaps of temples, stupas and monuments. Generally, temples, stupas and monuments are permitted to be photographed, but it is better to have permission before using your cameras.

### Social Outlooks:

Since the majority of our people live in rural areas, they have an outlook of life that is simple and traditional. In fact, they take special delight in the company of foreign visitors. But there are certain things that are alien or embarrassing to our people. Here then are a few things to keep in mind.

It is best be decently clad when visiting any place. Sun and beach wear is not the ideal, when roaming around the city or village. Briefs, shorts, bare shoulder and backs may not be appreciated. You need not to be stiff and overdressed, but just comfortably and decently covered.

Do not take seriously if a Nepali lady hesitates to shake hands with you. In Nepal, people and specially the ladies, do not normally shake hands when they greet one another, but instead press the palms together in a prayer- like gesture known as "Namaste"

Public displays of affection between man and woman are frowned upon. Do not do something that is totally alien to our environment.

We are hard on drugs abuse, trafficking in, and possessions of drugs are taken as serious offences.

### Beggars:

Cheap charity breeds beggars but does not solve their basic problem. Therefore, do not encourage beggary by being benevolent.

## Currency:

Non-Indian visitors are not allowed to import or export Indian currency. Foreign currency is to be exchanged with authorized foreign exchange dealers or at official bank exchange counters only.

## Some other Important Hints:

- Beware of touts who claim to be representatives of companies and offer to take you bargain hunting.
- Use hotel safety boxes for your valuables. Do not leave cash and other valuable things lying around in the room.
- Table manners in Nepal are quite different from those at home. In typical and traditional Nepali house, plates, knives, forks and spoons may be absent from the dinner table. While eating Nepalese people use their right hand, but this does not mean, however that the guests are not to use forks, knives and spoons.
- Any food or utensil touched by the used knife or spoon or fingers, or by lips or into which spittle has fallen is considered “Jutho” which means contaminated. It would humiliate a person if such food were offered to him. Nor should the dish containing such food be used again without its being properly washed.
- If you want to give a present to your host or hostess, please do not be surprised if they lay it said unopened. In Nepal, to open a parcel in the presence of the guests is not supposed to be a good manner.
